Infor Distribution SX.e

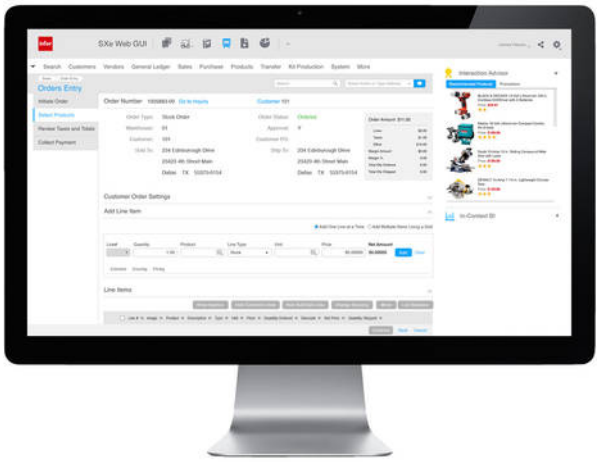
Get new capabilities with Infor 10x

Extend the value of your Infor® solution and take advantage of technologies that can change the way you work with Infor 10x, the latest release of Infor's proven business applications. You get access to new capabilities in the areas of social business, mobility, analytics, and integration. You also benefit from major enhancements across all of Infor's core product lines, including Infor Distribution SX.e.

Experience the new Infor SX.e

Work more efficiently, get a new look and feel, and take advantage of expanded industry-specific functionality with the latest release of Infor Distribution SX.e, which expands the core capabilities of this solution in a number of key ways, including:

- **Infor ION integrations to extension apps** that let you expand your capabilities with the fast, easy, and seamless integration that Infor ION provides and give you new ways to build competitive advantage.
- **A new modern user interface** that give users a familiar, easy-to-use environment designed to increase productivity, let employees easily find the information relevant to their jobs, and even have data delivered automatically to them. Once you experience it, you won't be able to imagine how you ever worked without it.
- **Expanded core micro-vertical functionality** that gives you compelling, out-of-the-box capabilities and allows you to work more efficiently, achieve a very fast time to value, and lower your overall total cost of ownership. And there's no need to worry about your existing functionality. All upgrade paths are preserved.
- **Enterprise search capabilities** that provide a familiar, consumer-inspired tool to make finding critical business information fast and easy.



- **Contextual web parts** that let you make enhancements to your solution without impacting core code, for example, adding notes functionality across the application.
- **Access to Infor Ming.le™,** a comprehensive platform for social collaboration, business process improvement, and contextual analytics. You get the most innovative social collaboration technologies translated into a business environment and fully integrated across business processes. From collaborating alongside your Infor SX.e solution to "following" people and objects, you'll solve problems and get work done in ways you never thought possible.

Increase the value of your solution and make the most of your maintenance investment by upgrading Infor Distribution SX.e.
