

Message from Infor Chairman & CEO Jim Schaper

Gain increased recognition and visibility for your company with the Infor Ambassador Reference Program.

On behalf of Infor, I would like to invite your company to participate in the global Infor Ambassador Reference Program. This is a great opportunity for you and your organization to receive some very tangible benefits in the form of increased recognition and visibility.

By acting as a reference for other companies that are evaluating Infor or showcasing your innovation with technology through the media and analyst communities, you can raise your profile as a leader and innovator in your industry. Your involvement may also generate increased visibility for you among Infor's Senior Management and Product Development teams, which can further your voice in future product enhancements. In addition to gaining expanded recognition, you also can enjoy exclusive rewards and privileges.

With different levels of program participation available, we can tailor the program to suit your company's specific needs. Let our reference program experts work with you to help share your message.

It's a rewarding way to win for Infor customers!

Sincerely,

A handwritten signature in black ink, appearing to be 'J Schaper', with a long, sweeping underline that extends to the right.

Jim Schaper
Chairman and CEO
