Infor Education Subscriptions

Infor Technology

Education

Consistent, Convenient, Cost Effective

At-a-Glance

With budgets tightly constrained, your organization may be like many others that are looking for cost effective ways to train employees without sacrificing learning quality. You can minimize training costs and maximize learning results with Infor Education Subscriptions—comprehensive training in a self-paced learning environment. Best of all, this training service is delivered online from the convenience of your desktop, reducing the need to travel and spend time away from the office. For a low annual fee, your team will receive unlimited access to all courses included in the subscription.

Benefits

Offer training anytime, anywhere – allowing employees to participate whenever it fits into their personal and work schedules

Eliminate travel expenses, instructor fees, and other costs related to conventional classroom training

Develop functionally sound, proficient users via courses focused on specific business needs

Consistently deliver the same experience to all users – nothing is lost or altered in knowledge transfer

Subscription Pricing

Subscription	Price (USD)
1 – 10 Named Users	$3,000
11 –20 Named Users	$6,000
21 – 40 Named Users	$9,000
41 – 70 Named Users	$14,000
71 – 100 Named Users	$19,000
Enterprise	$23,000

Subscription courses are licensed on a named user basis. A 'named user' is an individual authorized to access the course content at any given time and is not transferable.

Infor Technology Platform Subscription Details

The wide range of course topics available in the Technology Platform Subscription allows your entire team to develop the skills and knowledge required to master key Infor Technology.
