Infor VISUAL

Get new capabilities with Infor 10x

Take advantage of technologies that can change the way you work with Infor® VISUAL® and Infor 10x, the latest release of our innovative technology. With new capabilities in the areas of mobility, analytics, and integration, Infor VISUAL extends the value of ERP across your entire company. Infor 10x builds on Infor ION to deliver major enhancements across our business applications.

Experience the new Infor VISUAL

Expand your capabilities, get a new look and feel, simplify reporting, and make data a competitive advantage with the 10x release of Infor VISUAL, which expands the core capabilities of this solution in a number of key ways, including:

- **Adoption of Infor Analytics,** which provides robust reporting capabilities, analytics pre-built to meet specific industry needs, personalized dashboards, and workflows and alerts—all accessible from your mobile device, with changes synced automatically to your desktop.
- **Expanded Lean scheduling,** which allows more VISUAL customers to use EasyLean.
- **A consumer-grade user experience** that give you a familiar, easy-to-use environment designed to increase productivity, let you easily find the information relevant to your job, and even have data delivered automatically to you. Once you experience it, you won't be able to imagine how you ever worked without it.

Infor 10x represents the evolution of our technology platform, which features purpose-built middleware, as well as social, mobile, analytics, and cloud solutions.

- **Incorporation of Infor reporting into Infor Quality Management,** which gives you an easier-to-use, more robust reporting solution for all Infor VISUAL Quality reports.
- **A new browser interface for Infor Quality Management** that lets you adopt Infor 10x technologies like Infor Ming.le™, Infor Motion™, and Infor ION® for greater flexibility.

Increase the value of your solution and make the most of your maintenance investment by upgrading to the latest release of Infor VISUAL.
