Education

Training structure and delivery methods

Infor Education training is structured into three levels:

Level 1: Overview & Use

Provides product overview and knowledge necessary to use the system.

Level 2: Configuration & Administration

Accelerates the deployment of Infor software through knowledge of configuration options and administration.

Level 3: Installation & Integration

Explores software installation and integration with other systems, as well as how to extend the application.

Classes are offered through four delivery methods:

Instructor-led Classes

Face-to-face training in your office or at one of our education sites

Instructor-led Virtual Classes

Take classes from your own desk with the support of an instructor

Self-paced eLearning

Learn at your own pace, on your own schedule

Self-directed Learning

Flexible training taken at your own pace; includes a workbook, live training environment, social collaboration and access to an instructor

For more details please look at the latest schedule at: www.infor.com/education

Training offerings and Infor Campus Card

All **instructor-led courses** can be held face-to-face as a private class to your employees and most of them can also be run as a virtual class.

Follow the course title links to access **Infor Campus** to find course details and registration.

Instructor-led public courses are delivered at an Infor facility or virtually to your desktop.

Self-paced eLearning supplements the classroom experience; accessible at any time.

For more information about courses and how to register, please contact:

- **For Europe, the Middle East and Africa:** EducationEMEA@infor.com
- **For Asia Pacific:** EducationAPAC@infor.com

Infor Campus Card

Buying training has never been easier than with our Infor Campus Card.

The card offers training dollars in bulk at tiered volume discounts, which saves you money and reduces the time and cost of separate budget approvals, purchase orders, and expense reimbursements.

The card offers several ways to train including – public classes, Education subscriptions and onsite training. Infor tracks the usage and will report the dollars utilized and remaining balance.

The Infor Campus Card the best option for a convenient, flexible and cost-effective way to decide how and when to spend your training dollars.

Infor Cloverleaf - Instructor-led courses

Level	Course Name	Description	Hours	Course Links
2	Cloverleaf: Administering Cloverleaf	Cloverleaf System Administration provides students hands-on training on Installation, System Maintenance, Automating Maintenance, Alerts, and Upgrading to Basic Security. The course features hands-on practice with Cloverleaf commands and utilities, along with tools for automating system management and monitoring tasks.	32	Global USA
3	Cloverleaf: Programming with Tool Command Language (Tcl)	This course provides fundamental training for Tool Command Language (Tcl) functions and Cloverleaf extensions. It teaches the basic syntax of Tcl and its use within Cloverleaf. Infor highly recommends that students have some prior programming or scripting experience to receive the full benefits from this course. This is also a required prerequisite to the Cloverleaf: Developing Cloverleaf Networks – Intermediate course. This training is for version(s): 6.1.1 and all previous versions.	40	Global USA
3	Cloverleaf: Developing Cloverleaf Networks - Basics	This course covers an introduction to the tools that are available in Cloverleaf to create and configure networks. This training is for version(s) 6.2 and all previous versions.	40	Global USA
3	Cloverleaf: Developing Cloverleaf Networks - Intermediate	This course covers the tools available in Cloverleaf®; to create and configure networks, including different types of User Points of Control (UPoCs). This training is for versions: 6.1.1 and all previous versions.	40	Global USA
3	Cloverleaf: Developing Cloverleaf Networks - Advanced	This course expands on principles learned in the Cloverleaf: Basics and Cloverleaf: Intermediate classes and introduces advanced principles of designing, implementing, and managing Cloverleaf networks. This training is for version 6.0 and all previous versions. The certification exam for this course is administered by the instructor on the last day of class.	40	Global USA
