

You can build a more agile,  
responsive business today  
when you rely on Infor ERP LN  
and IBM Smart Business.

## REACH WORLD-CLASS PERFORMANCE WITH INFOR ERP LN AND IBM SMART BUSINESS

### THE WORLD-CLASS SOLUTION FOR BUSINESS SUCCESS.

Easy-to-install, easy-to-manage enterprise resource planning (ERP) systems from Infor™ and IBM® Smart Business give you the most effective approach to managing critical business processes and information. With Infor ERP LN, you can keep ahead of customer demand fluctuations and new regulatory requirements. You'll also improve internal and external collaboration across your supply chain. With increased productivity and reduced waste, you'll be able to build a more streamlined and profitable operation. The solution scales up seamlessly to accommodate multiple locations, currencies, and business units, and helps you master new production challenges as they arise.

### GAIN TOP PERFORMANCE TODAY.

Infor ERP LN lets you start small but grows with your business to support all critical processes in your supply chain.

With built-in process modeling for quick implementation, Infor ERP LN allows your company to achieve world-class performance and also helps you:

- ▶ Compete globally, with support for multiple locations, multiple partners, and complex supply chains.
- ▶ Achieve optimum lean manufacturing processes.
- ▶ Improve quality management and compliance.
- ▶ Deliver orders on time, every time.
- ▶ Increase production accuracy and manage by exception.

### PICK POWERFUL SOLUTIONS.

With Infor ERP LN, you can rely on a tool that is built, serviced, and managed by manufacturing professionals, with powerful modules that include:

- ▶ *Service management*—Improves customer-driven service and maintenance.
- ▶ *Lean manufacturing*—Enables lean processes across your business and value chain.
- ▶ *Quality management*—Improves quality for increased productivity every day.
- ▶ *Financials*—Delivers a single, integrated modern finance solution for manufacturers.
- ▶ *Manufacturing*—Offers flexibility and control for manufacturers of highly complex products.
- ▶ *Process manufacturing*—Brings proven value optimization capabilities to the process industry.
- ▶ *Wholesale and distribution*—Boosts control and responsiveness for extended supply chains.

Infor ERP LN gives you the power to become more efficient, productive, and profitable. It also helps you serve customers more quickly and accurately. From selling and sourcing to production and fulfillment, you'll get clear visibility across your business, helping you automate and manage the business processes you need to be successful today. You'll gain the data transparency you need to address your daily challenges, along with surprisingly quick ROI. Infor ERP LN helps you:

- ▶ Generate reports that help make better business decisions.
- ▶ Trace transactions across your business.
- ▶ Reduce operational costs and improve efficiency.
- ▶ Deliver the right product at the right time.
- ▶ Improve customer service.
- ▶ Adopt manufacturing best practices.

### LEVERAGE OUR INNOVATIONS.

Infor ERP LN customers can also take advantage of innovative new Infor products such as Infor MyDay and Infor Decisions, that give you and your employees the critical information you need to improve performance and make faster and better decisions. Your organization will achieve better day-to-day performance because you'll have all the facts you need in one place, in real time.
