

Inherent in Infor Barcode is a lean solution set that allows Infor ERP users to maneuver their ERP investment to match the principles of lean.

INFOR BARCODE: LEAN AND KANBAN

EXTEND LEAN TECHNIQUES TO OPERATIONAL LEVEL.

Instead of the substantial financial investment and extensive training associated with formal lean initiatives, Infor™ Barcode extends the capabilities of your ERP, enabling lean techniques via the use of data collection, patented process compression technology, and additional functionality not found in your ERP. By optimizing processes and focusing on avoiding waste of resources, Infor Barcode helps you:

- ▶ Cut costs
- ▶ Initiate lean techniques without formal training or expense
- ▶ Speed turnaround time to market
- ▶ Significantly increase inventory turns
- ▶ Gain competitive positioning
- ▶ Improve responsiveness to demand fluctuation

KEY FUNCTIONALITIES:

- ▶ Generate production schedule
- ▶ Set-up Kanban production lines
- ▶ Production reporting without production orders
- ▶ Kitting of parts without production orders
- ▶ Replenishment without replenishment orders
- ▶ Lean subcontract operations management
- ▶ Generate purchase invoice
- ▶ Kanban requisitioning
- ▶ Purchase orders to suppliers by email
- ▶ Replenishment orders
- ▶ Production orders

BENEFITS:

Infor Barcode's lean solution set offers innovative answers for today's lean challenges. Using either barcode or PC screens— all real-time integrated with your existing Infor enterprise system—Infor Barcode supports Kanban environments, orders without orders, and consigned inventory management. By choosing smart solutions such as Infor Barcode to link with backend ERP software like Infor, manufacturing enterprises can gain significant advantages in terms of minimizing wasteful activities.

- ▶ Immediate cost reductions in a slow economy
- ▶ Eliminate waste and speed-up business processes
- ▶ Move your products and information more quickly through the supply chain
- ▶ Capitalize on a dramatic decrease in the time it takes from order to ship
- ▶ Benefit from embedded, not integrated, standard lean functionality
- ▶ Reduce inventory and cycle times by setting up of Kanban production lines

- ▶ Enjoy the flexibility and agility that come with Kanban pull production techniques
- ▶ Reduce manual reporting and paper with production reporting without production orders

THERE IS A BETTER WAY.

At Infor, we work with a core belief. We believe in the customer. We believe that the customer is seeking a better, more collaborative relationship with its business software provider. And a new breed of business software: created for evolution, not revolution. Software that's simple to buy, easy to deploy, and convenient to manage. Our 70,000 customers in more than 100 countries stand with us. We look forward to your sharing in the results of our belief. There is a better way. For additional information, visit www.infor.com.
