

# Cosmoplas increases productivity with Infor Supply Chain Execution

## About the company

Cosmoplas S.A. is a distribution company in Chile founded more than 40 years ago. It has several exclusive representations of high quality products from well-known international brands in agriculture, industrial, pools, sanitary equipment, and other markets. To learn more, visit [www.cosmoplas.cl](http://www.cosmoplas.cl).

## Challenges

- Streamline processes for better productivity.
- Acquire a business-specific solution.
- Optimize stock level and increase efficiency.
- Enhance competitive differentiation with better stock.
- Improve customer satisfaction.

## Benefits

After implementing Infor Supply Chain Execution, Cosmoplas:

- Raised productivity by 70% in the preparation of orders.
- Increased the number of lines per person from 26 to 44.
- Shortened delivery time from 3-to-4 days to 24 hours after orders are received.
- Improved on-time and OTIF indicators.

**"We were looking for a solution that would easily integrate with our ERP in a way that would not impact operations already established, considering that this solution should answer our need to make our work more efficient and manage receptions, preparation, and reorders to gain stability, guaranteeing delivery times."**

**Javier Montes**  
Acquisitions and Logistic Manager, Cosmoplas S.A.
