

Infor Public Sector

Quick guide

With Infor Public Sector, you get a purpose-built, comprehensive suite of solutions with a micro-vertical focus.

Specialized tools

- Simplify the overall business of managing government.
- Rapidly respond to ever growing citizen service delivery expectations.
- Integrate systems across departments for better coordination and collaboration.
- Improve the planning, management, and reporting of taxpayer funded programs.
- Maximize revenue and optimize capital investments.

For your industry

Government-specific capabilities, including permitting and licensing, fraud detection, code enforcement, case management, emergency, response services, library automation, financial and human capital management, budgeting, purchasing, billing, and asset management.

- Modern solution with a beautiful new user experience, enterprise collaboration framework, and pervasive analytics embedded through process flows.
- Integrated solution with out-of-the-box connections between financial and human capital management, permitting and billing, asset management, and 311 call center portals.
