Training structure and delivery methods

Infor Education training is structured into three levels:

Level 1: Overview & Use

Provides product overview and knowledge necessary to use the system.

Level 2: Configuration & Administration

Accelerates the deployment of Infor software through knowledge of configuration options and administration.

Level 3: Installation & Integration

Explores software installation and integration with other systems, as well as how to extend the application.

Classes are offered through four delivery methods:

Instructor-led Classes

Face-to-face training in your office or at one of our education sites

Instructor-led Virtual Classes

Take classes from your own desk with the support of an instructor

Self-paced eLearning

Learn at your own pace, on your own schedule

Self-directed Learning

Flexible training taken at your own pace; includes a workbook, live training environment, social collaboration and access to an instructor

For more details please look at the latest schedule at: www.infor.com/education

Training offerings and Infor Campus Card

All **instructor-led courses** can be held face-to-face as a private class to your employees and most of them can also be run as a virtual class.

Follow the course title links to access **Infor Campus** to find course details and registration.

Instructor-led public courses are delivered at an Infor facility or virtually to your desktop.

Self-paced eLearning supplements the classroom experience; accessible at any time.
