Grupo Éxito, South America's biggest retail company, simplifies logistics with Infor SCE

About the company

With more than 110 years of history, Grupo Éxito is a multi-Latin company with more than 1,500 stores in four South American countries: in Colombia with Grupo Éxito, in Brazil with Pão de Açúcar Group, in Uruguay with Disco and Devoto Group, and in Argentina with Libertad Group. In addition to its retail business, Grupo Éxito offers consumer credit, insurance, travel, mobile telephony, money orders, and multi-pair services. To learn more, visit www.grupoexito.com.co.

"By implementing Infor SCE, we hope to jump to the next supply chain level. Our technological goal is to implement a robust solution that will enable us to manage our huge transactional volume with solid integrations, optimizing the flow of information in commercial and logistics systems. Greater functionalities and new business capacities like workforce management, transport management, among others, will help us simplify logistics operations in our supply chain."
